

Protecting public health, your neighborhood, and quality of life as L.A. grows
Get Involved!

Let's face it - L.A. is growing. We need a sound infrastructure to support our daily lives and businesses. How can we make the most of the natural resources we have today and make sure we have enough for tomorrow? How do we make sure the wastewater we produce is cleaned up, reused or released in ways that protect our health, our beaches and the environment? How can we improve our quality of life in the face of a growing L.A. population? And how much will it all cost? You be the judge!! COME TO A COMMUNITY MEETING AND HELP PLAN FOR THE FUTURE OF OUR WASTEWATER, STORMWATER AND RECYCLED WATER!
